

FIBRAMULCH

Performance Plus

PART 1 — GENERAL

- 1.1 Related Work and Sections
 - .1 Section 02920 — Top Soil Placement and Grading
 - .2 Section 02970 — Exterior Landscape Maintenance
- 1.2 Work Included
 - .1 Provide all labor, materials and equipment necessary to complete installation of **FIBRAMULCH** hydro-seeding mulch to areas indicated on the drawings and described herein.
- 1.3 Qualification of the Applicator
 - .1 All firms of applicators performing the work of this section must be approved by the manufacturers of **FIBRAMULCH** hydro-seeding mulch.
- 1.4 Samples
 - .1 If requested, provide a sample package of **FIBRAMULCH** containing approximately 400 g of product.
- 1.5 Product Delivery and Storage
 - .1 Materials shall be delivered in original, unopened containers bearing name of manufacturer and product identification.
 - .2 Store materials off ground, under cover and away from damp surfaces. Keep dry at all times.
- 1.6 Repair
 - .1 All repairs to seeded areas, necessitated by damage or disruption by other trades shall be performed under this section and paid for by the trade causing the damage or disruption.
- 1.7 Manufacturer's Representative
 - .1 Allow the manufacturer's representative full access to the site.
